

Supported housing by Origin Housing

Supported housing for people with mental health
problems in Enfield, Islington and Watford

What is supported housing?

Origin Housing provides supported housing for people with enduring mental health problems in Islington, Enfield and Watford.

The accommodation comprises

- One and two bedroom flats with kitchens, living rooms and bathrooms/WCs.
- The flats have small private gardens, balconies or communal gardens.
- The flats are partially furnished with cookers, fridge/freezers and carpets. Some flats have cable TV installed.
- The flats are fully decorated to a high standard.

The support we provide

Each tenant has his or her designated housing & support officer who will visit the tenant regularly at home.

The housing & support officers can work with tenants in many areas that relate directly to their tenancies.

For example:

- supporting claims for housing benefit, grants and DSS benefits;
- help getting furniture for the flat;
- supporting around settling into a new home;
- providing emotional support;
- making referrals to borough-wide community support services;
- liaising with Social Services and mental health teams;
- helping with maintaining links with family, friends and other support services.

All support is negotiated with tenants through tenant-directed support plans and is regularly reviewed.

The time and venue of meetings are arranged so as to meet the needs of the tenant.

Who can apply for Origin Housing supported housing?

The local council nominates people to our supported housing.

The applicants need to be registered with their local council housing department and have a mental health problem.

If you are interested in becoming our supported tenant, please speak to your social worker or local council re-housing or homeless persons unit.

What is the process for new tenants?

When a flat becomes available we will contact the local council and they will nominate the person most in need.

Once nominated, an Origin housing & support officer will arrange an appointment to assess the person's suitability for supported housing.

A decision is made within a few days and if accepted, the tenant will be able to move into a new home shortly after.
