

# Somers Town Community Newsletter

Somers Town Community Association and the St Pancras and Somers Town Living Centre send our thoughts and prayers to all those impacted upon by such a senseless act of violence over the weekend.

We will be opening up our café space so that the community can come together and we hope gain strength from coming together with tea, coffee and refreshments available. We will also be working closely with all of our amazing partners to provide any additional support the community may need at this time following such a horrendous act of violence, perpetrated against those already dealing with such a massive loss.

### Helping Somers Town residents tackle the climate emergency and create a fairer future for everyone

We invite you to the following workshop to help create our long-term plan for Somers Town as part of the Mayor of London's Future Neighbourhoods 2030 programme.

#### Why are we doing this?

It is the chance to decide and put down on paper, how we want Somers Town to be in the future and how the things we do in Somers Town could help to tackle the climate crisis. We believe that the climate crisis is a human rights issue, so at the heart of the conversation we have placed the fundamental rights to life, health, food, housing, water & sanitation, education and development.

Thursday, 19th January 2023, 12pm to 3pm  
at the St Pancras and Somers Town Living Centre  
2 Ossulston Street, London NW1 1DF

This session will continue the work undertaken in the 3 workshops delivered so far by looking at **HOW** we tackle Climate Change and **WHO** would be best placed to bring about action and changes.

To book a place please email [info@thelivingcentre.org](mailto:info@thelivingcentre.org) with your contact details, or email [sarah@somertown.org.uk](mailto:sarah@somertown.org.uk) for more information.
