## Somers Town Future Neighbourhoods 2030

Helping Somers Town residents tackle the climate emergency and create a fairer future for everyone

We invite you to our sixth workshop as we collectively work together in the creation of our long-term plan for Somers Town as part of the Mayor of London's Future Neighbourhoods 2030 Programme.

### Why are we doing this?

It is the chance to decide and put down on paper, how we want Somers Town to be in the future and how the things we do in Somers Town could help to tackle the climate crisis. We believe that the climate crisis is a human rights issue, so at the heart of the conversation we have placed the fundamental rights to life, health, food, housing, water & sanitation, education and development.

**Thursday, 30th March 2023, 12pm to 3pm**

at the St Pancras and Somers Town Living Centre  
2 Ossulston Street, London NW1 1DF

This session will pull together the work undertaken in the previous 5 workshops as we look to create an area based strategy for Somers Town, basically a road map, a statement of intent, providing a clear picture of what our community wants and needs as we move towards 2030.

To book a place please email [info@thelivingcentre.org](mailto:info@thelivingcentre.org) with your contact details, or email [sarah@somerstown.org.uk](mailto:sarah@somerstown.org.uk) for more information.
